ROUMANIA AGAINST TREATY

Paris, Aug. 20.—Roumania will refuse to sign the Austrian treaty when the pact is up for final consideration next week, it was learned today from an authoritative source. At the same time it is reported that Roumania is seeking to build up a new confederation, including Poland and Ukrainia.

Roumania bases her objections to signing the Austrian treaty upon the fact that the new Roumanian frontiers are not defined, but are left to the council of four.

Premier Bratiano of Roumania, is expected to issue a statement saying that such action is inconsistent with Roumania's national dignity and that she could not be expected to bind herself.

FLYING INSOMNIA SURE

Physician Prescribes Flight in Airplane; Two Patients Are Delighted

Philadelphia, Aug. 20.—The airplane now is being used as a physician. Or at least a flight in one is said to be a cure for insomnia and depression. That is the newest development of nerve theraputics. Dr. Thomas E. Eldridge the veteran balloonist is sponsor for the treatment.

Yesterday he gave a demonstration of its effectiveness at the Hatboro Flying Field of the Philadelphia Aero Service Corporation using former Flight Lieutenant E. C. Davis, an aviator, as the "flying nurse."

The patients were Mrs. Harry Humphreys, of this city, an insomnia victim, and her son Harry Humphreys, Jr., who is a nervous wreck as a consequence of an attack of influenza.

Nearly half an hour in the air was the time of treatment. Some of it was nerve tingling for "Nurse" Davis took his patients into loops and tail spins and nose dives and other aerial acrobatics. When he landed them Mrs. Humphreys was delighted beyond measure with her experience and pecially with "the first smile on Harry's face in months."

GAZE UPON DEAD VICTIMS

Chicago Justice Insists They Visit Morgue in Psychological Effort To Cure Their Craze

Chicago, Aug. 20.—Judge Stelk, of the Speeders' Court, has evolved a new punishment to harrow the heart of the reckless auto driver. He sentenced eight men up for speeding to be taken through the county mogue and hospital to gaze on the dead and maimed victims of automobile drivers.

"Two hundred more wil lbe dead before the first of the year," said the Judge, "if reckless driving continues as it ha sin the past.

"I'm going to keep sending you offenders who come to me time after time out to the morgue and the hospital. If those sights don't touch your hearts nothing will. I think that a little psychology may do more than all the fines I can impose; even the most outrageus violators of the speed regulations must be touched with the sights of the suffering faces of some of these little children."

The men protested and pleaded to have the fines assessed.

"No" replied the Judge. "I will postpone your trial until after you make this trip. My minute clerk is in bed in plaster casts now due to reckless driving."

In the morgue the subdued drivers saw the body of a dead child which had been mangled by a machine. The body of another child had just been taken home.

Warden Zimmer, of the county hospital, showed them fifteen tortured victims of automobile drivers, several of whom will never get well. A serious and unhappy party adjourned ter the trip.

OPENS THE WAY FOR COMPROMISE

President Tells Senators There Are No Reasonable Objections

MAY END THE FIGHT

Executive Makes Clear, However, That He Will Oppose Textual Changes in Treaty

President Wilson paved the way yesterday for a compromise with the Senate on the treaty of peace with Germany when he told the members of the Senate Committee on Foreign Relations that "there can be no reasonable objections to such interpretations accompanying the act of ratification, provided they do not form a part of the ratification itself."

This frank statement was made at the opening of the conference between the President and the Committee yesterday morning, a conference which will become historic if its ultimate result is an understanding between the Executive and the Senate upon one of the momentous questions which the American Government has ever faced.

Nor did the President content himself with this invitation to the Senate to meet him half way upon an agreement as to the American understanding of the league of nations covenant. During the questioning which followed he repeated his willingness to have such an understanding set forth in formal fashion.

But this is not to be taken as a willingness on his part to accept any amendment to the peace treaty, any textual change whatever, or even any qualification of that document which necessitates its re-submission either to the peace conference or to any or all of the signatories for their approval. The President thinks it would be a mistake to take any such step.

All that the President feels that it will be safe to do in that direction is to pass an accompanying resolution which will give this Government's interpretation of its obligations under the disputed articles of the league. These articles include that providing for the withdrawal of a member nation after two years' notice has been given, and Articles 10 and 11 which seem to impose upon every member the duty of safeguarding the territory interests of every other against external aggression.

And it now remains for the Senate to decide whether or not the invitation of the President is to be accepted or whether the demand of Senators Lodge and Knox for straightout amendments to the league covenants, is to be followed. Meanwhile the committee on Foreign Affairs, having extracted from the President all the information that its members have asked for collectively and individually will meet and formulate a report.

It is too soon to forecast the action of that committee, but from impressions gained today the majority members are inclined to relax their rigid opposition to the peace treaty as it stands and to seek some means of meeting the offer of the President for mild reservations entirely removed from the resolution of ratification.

FARMER'S WIRELESS

Neighbors Get Weather Report and News Through Boy's Ingenuity.

Trumbauersville Pa., Aug. 20.—On the modern farm of Mahlon Holsopple, near Trumbauersville, is a wireless telegraph outfit. The wireless was erected by Clarence Holsopple, a son. Several surrounding farms are also similarly equipped.

Although the station is a hobby of the son's it has its mercenary advatages. A government weather report sent out daily from Arlington, Va., is caught by the Holsopple wireless and when Holsopple, Sr., gets it, he governs his farm work accordingly. Much wireless news of general information is a transmitter of interesting general information. The Holsopple farm is run on a modern scientific basis.

SLAYERS DIE MISERABLY

Farmer's Three Heartless Murderers Lose Nerve at Electrocution

Trenton, Aug. 20.—At the State prison last night Frank Lavieri, Michael Depalma and Gereno Palemri paid the death penalty in the electric chair for the murder of Roman Smith, an aged farmer, at his home near New Brunswick in 1918. Every effort was made to save the murderers. Governor Runyon refused to call a special session of the Court of Pardons to consider commutation of sentences because Chancellor Walker informed him that the murder was an exceptionally cruel and cold blooded one.

As one of the men was taken past the cell of Camille Martin, awaiting electrocution for the murder of a ewark jeweler Martin yelled at the death guard: "You ought to be ashamed of yourselves."

Each of the murderers lost his nerve at the last minute. Two had to be helped to the death chair, and the third was actually carried by the guards. This was Lavjeri, who butted his head against his cell as the watch went for him. He collapsed completely and the guards picked him up bodily and carried him, face down. As he was strapped into the chair he quieted down and gave up without further scene. From the time the first of the three men entered the electrocution chamber until the last was pronounced dead just 25 minutes lapsed.

WILL NOT MEDDLE IN ENGLAND

Johnson Graciously Concedes British Will Not Be Compelled to go Dry Unless They Choose

London, Aug. 20.—William E. Johnson, organizer of the American Anti-Saloon League, who returned to England, yesterday from Sweden, where he attended the northern temperance conference, declared that it was not the purpose of the league to carry on propaganda in England with the purpose of bringing about prohibition.

"We have not the slightest intention of interfering in British affairs," said Mr. Johnson. "We will not take any part whatever in the British elections. What I am doing, and what I expect to do in the future, is merely to explain the activities in America against drink and tell the people why prohibition was brought about and what its results will be. The British people are under no obligations to adopt the same policy, unless they choose to do s.

"All this is in the direction of promoting friendly relations between the countries and along the line of the work of the English speaking union of which I am a member. I came here at the urgent invitation of British dry organizations to tell the story of prohibition in America and counteract the grotesque yarns circulated on this side about the effects of the dry policy in America."

Mr. Johnson added that the Anti-Saloon League was going to supply literature to speakers, who would simply deal with "the story of America."

Mr. Johnson denied that the Anti-Saloon League purposed an anti-tobacco campaign.

MARTIAL LAW IN SILESIA

Berlin, Aug. 20.—Martial law has been declared in Upper Silesia as a result of the clash between German and Polish forces.

German government representatives minimized the seriousness of the situation, however, declaring that so far only fifteen Germans had been killed.

SUGAR SEIZED

Action Taken When Information was Obtained it was to be Used in "Moonshine" Whisky

Atlanta, Aug. 20.—More than 20,000 pounds of sugar has been seized by Federal officials in Georgia recently, on the ground that it was intended for use in making "moonshine" whisky, it was announced here yesterday at the office of the internal revenue collector.

The seizures were made in different parts of the State, it was said, the largest being 7,000 pounds at Columbus. Moonshiners have been buying every pound of sugar they could find and paying higher than legitimate consumers, according to reports to the collector's office. Seizures probably amounting to 60,000 pounds are expected shortly, it was said.

"BIGGEST SALE EVER HELD" IS VERSION

Merchants of City Are Very Enthusiastic Over First "Dollar Day"

WANT SALES OFTEN

May Arrange For Bargain Events Every Two Months During Entire Year.

Dollar Day, Alexandria's first departure in the way of a universal bargain sale is over, but that it will be a day which will be long remembered by the merchants and the shopping public of the city, is evidenced by the many expressions of satisfaction with the day, from every merchant participating in the sale.

Opinions expressed this morning by many of the merchants participating in the sale were to the effect that the sale should be repeated at least four times each year. Others were of the opinion that a change in the name of the sale would give the public a much greater opportunity to purchase whatever articles they wished at greatly reduced prices. Whether this plan will be carried out or not rests with the interested merchants and they will no doubt have an opportunity to express opinions in the near future.

Not a merchant included in the sale had a word to say against the sale when spoken to by a representative of the Gazette today. Some of the various opinions are included below, and every other man, who made preparations for the sale is enthusiastic over the outcome and has agreed to take part at any time other sales of this nature may be scheduled.

Mr. Chas. Swan of Swan Bros.—"Dollar Day has been much better than we expected."

Mr. Horgan, Mgr. D. Bendheim and Sons.—"We have had a bigger day than any Saturday in the history of the store. Count us in on any sales of like nature to be held in the future."

Mr. E. G. Ridgely, of Downham and Ridgely—"Dollar Day has been a success so far as we are concerned. We are very well pleased."

Mr. Samuel Gerber, of Eddy and Gerber—"It has been a big day all around. We are satisfied that Dollar Day will be larger in the future."

Mr. R. E. Knight of R. E. Knight and Son—"Dollar Day has proven the most satisfactory of any sales pulled off in Alexandria for years."

Mr. Julius Wolf—"Dollar Day has been the biggest sale day we have had for the past several years. We will be ready to take part in any such sales in the future."

Mr. A. Katz—"We lost money on a number of articles we sold, but the response of the people to the first Dollar Day exceeded all expectations.

Mr. Samuel Cohen of Abe L. Cohen Clothing Store—The day was very satisfactory in every respect. It showed that the men and women of Alexandria will respond to special inducements.

Mr. Geo. W. Bontz—Dollar Day was a big success ,so far as getting the people interested and bringing them into the stores was concerned.

Other statements of a similar nature—to the effect that Dollar Day far exceeded expectations—came from the Levinson Clothing Co., Howell, the Hatter, Star Clothing House, Kaufmann and Blumenfeld, Baer's M. Sperling, Johnson and Osborne, Saunders and Son, Mrs. C. E. Bradley, Jacob Rose, New York Bargain House, E. R. Elliott, M. W. Gaines. Dyson Bros. and all others connected with the sale.

MOSQUITO PLAGUE

Chester, Pa., Aug. 20.—Never, in the history of Delaware country, so far as the "oldest residents" can recall have the mosquitoes been so numerous in this city and surrounding territory as they are this year. The plague is scattered over all parts of the city, people who heretofore have enjoyed their front porches of evenings being compelled to remain indoors unless their porches are well screened.

Many persons burn various forms of herbs on their porches and in their houses as well to drive away the mosquito but this remedy is ineffectual, and to avoid the mosquitos absolutely Chesterians must hide behind their door screens and endure the heat as best they can.

Large sums of money have been spent in this section to drive away and exterminate the pests, but the mosquito seems to thrive on the poison that has been fed to him by the "experts."

APOLOGIZED UNDER LASH

Philadelphia Woman Tells Court Why She Horsewhipped Merchant

Atlantic City, Aug. 20.—Charged with horsewhipping, Benjamin Brone a local merchant, Mrs. Betty Wingrade, of Philadelphia was held in $100 bail for the grand jury yesterday when she entered a plea of guilty to the charge before Magistrate McNally.

Mrs. Wingrade testified that she had been dissatisfied with a purchase made at Brone's store and when she insisted on the return of 69 cents she had paid for the goods, he applied a vile name to her. She told the court that she had gone to the nearest harness store, bought the whip and returned. When Brone came out she lashed his shoulders and back until he apologized. The magistrate said he agreed with her treatment, but was powerless to do other than hold her for the grand jury after she had pleaded guilty to the chage of assault and battery preferred by Brone.

The strike of many industries which virtually paralyzed industry for a time is reported to have become less effective. Most of the miners are voting to discontinue it.

Scott and Policemen Campbell and Smith started out in a machine in pursuit of the men and recovered the machine which had been abandoned.

The machine was undamaged. The machine was still hot indicating that the men had abandoned it only a short time previous to the police recovering the vehicle.

A pistol which was in the machine was stolen.

SHOULD RATIFY TREATY

Yesterday's conference at the White House should result in much good. Indeed, it should lead to the prompt settlement of the Peace Treaty controversy. Since the President has agreed that "interpretations" of certain articles of the covenant cannot be objectionable, there would seem to be little left to dispute over.

As the Philadelphia Inquirer says "many of the criticisms of the covenant have been far fetched and hair splitting. The Monroe Doctrine is directly recognized. All internal questions such as immigration, the tariff and so on have never been in danger except in the radical speeches of the Borahs and the Hi. Johnsons and their few followers. We are not plunged into war by the much discussed Article X, for the Council cannot act; it can advise only. As for withdrawing upon a notice of two years, that right is distinctly written into the covenant.

"There has been so much deliberate misleading of the public, however, that "interpretations" appear to be necessary. It has long been contended that since the articles under fire are perfectly understood by the representatives of the nations who drew them, no harm could possibly come should the Senate adopt by resolution its interpretation of their meaning, for most of the proposed interpretatins have not charged their real meaning; have only clarified them.

"Amendments are out of the question, of course. They would lead to world confusion. But "interpretations" are different. So let us have them and put the Treaty through. Let us get it out of the way, so that we can come back to a peace basis and devote our whole attention to our own passing problems, such as the high cost of living.

"Every nation that went to war is today in an unsettled condition. This unsettled condition wil remain until an all around agreement on the Treaty is reached. Unquestionably the Senate, by its delay, has become a stumbling block to the return of national and international sanity. There can no longer be any excuse, whatever for further procrastination. There should be enough common sense Senators to arrive at an understanding."

MEXICAN BANDITS

Capturing Americans and holding them for ransom has become a profitable business on the Mexican side of the borden.

As the New York Times says "it relieves the monotony of running off stock from the American ranches and hitherto the pursuit has not been dangerous because the victims were civilians Army officers cannot be bartered for cash without a day of reckoning for kidnappers. When the news came that Lieutenants Paul H. Davis and Harold G. Peterson, Army aviators, who had been forced to make a landing in Mexico in the Big Bend region, were in the hands of bandits, and that these gentry had demanded a ransom of $15,000, there was no question of refusing to transmit the money to the bandit chief. Army officers urged compliance with his terms, for they understood that the threat to kill the aviators in the event of failure to ransom them was not an idle one. A Mexican who lives by shedding blood has no scruples; life is nothing to him when it is not his own, and he particularly likes to kill Americans.'

PRESENT DAY OUTLAWS

A century and a half ago it was dangerous to be out of the house in London after dark. The city at that time was infested with footpads, and as the streets were unlighted and narrow, the work of outlaws was easy. The "Charleys," as they were called (old men who had outlived their day of usefulness) were the watchmen. They carried lanterns, and about all the service they performed was crying out the hour of the night. The old men were eventually sidetracked and young men took their places. Police forces were eventually organized in all cities. The members undergo physical examinations and every means is used to render the forces efficient.

But notwithstanding the enormous expense incident to the maintenance of modern police forces in cities, robberies and holdups are becoming more common daily. The bold act of negro desperados in Alexandria Monday night when they entered a store on upper King street and at the points of pistols compelled the proprietors to hand out eighty dollars shows the boldness of present day outlaws.

In broad daylight in Washington yesterday a man was pulled from a wagon by negroes, dragged into an alley and relieved of all the money he carried.

It became necessary in England to enact a law making larceny a capital offense. The increasing number of robberies and assaults in the larger cities may render this course necessary in our own country.

VIOLATORS OF PROHIBITION

"Twenty times a day," says Captain Bodie of the Chicago police department, "wives calls up and inform the Department of Justice of flagrant violations of the prohibition laws. With tears in their voices, they tell how happy they expected to be after July 1, how they hoped their husbands would forget liquor. And when these wives learn their husbands are getting the "stuff" again, by smelling their breaths, they relay the information to us."

Conditions described by Captain Bodie are similar in all cities. Wives often tell members of the Alexandria police department that prohibitions does not prohibit as their liege lords continue to procure liquor from certain defiers of the law.

It is suggested that relatives of persons whose wont it is to tarry long with the wine could be of great benefit to the authorities if they would take the stand and tell all they know. Several persons will be made to face the grand jury of the Corporation Court next month to answer the charge of selling liquor in Alexandria. The wives are likely to know who furnishes their husbands with liquor, and persons who reside in close proximity to speakeasies, and who are so often loud in their complaints should apppear in court and tell what they know also.

It is the duty of every good citizen to act as an auxiliary to the authorities, but, unfortunately, many do not realize this fact and fail to perform a duty which is incumbent upon them.

SAVING ON PRINTING BILLS

The work of cutting down unnecessary expenditures at Washington is being continued by Congress. The latest saving is a reduction of a half million dollars in the Government printing bill. Representative Kiess, of Pennsylvania, is chairman of the House Committee on Printing, which has lopped off that amount from the appropriation for printing public documents. It is a move in the right direction and the wonder has been that some radical action was not taken long ago The waste of money on useless printing has been a national scandal, and the sad part of it has been that no one seemed to have the courage to attempt to halt this extravagance.

But at last a start has been made and we may entertain the hope that it will be the beginning of the end of this disgraceful abuse It is said that not less than 500,000 useless documents have been printed each year. If actual figures could be obtained it is probable that it would be found to be much greater than is indicated by this estimate. Indeed, in seven years, a total of about 7,000,000 documents has been piled in the warehouses to be salvaged as waste paper. When we consider the cost of printing, binding, wrapping and handling we have some idea of the recklessness which has prevailed in this department of the government. It is no exaggeration to say that thousands upon thousands of these documents have not been considered worth mailing. It is peculiarly annoying to recall that this waste has been going on at a time when there has been an actual scarcity of print paper.

It seems ironical for the governmen to call upon the people to save and economize when those in authority are the worst sinners in the way of extravagance.—Philadelphia Inquirer.

To Our Patrons

Alexandria, Va., June 2, 1919.

In line with our progressive banking methods, and to meet the demands of our patrons, we are installing on July 1st, an up-to-date Safe Deposit Department, under the personal supervision of one of our officers.

This has been made necessary from the fact that a large number of our depositors owning Liberty Bonds and other securities desire a safe place for their keeping.

It is our plan to enlarge the number of Safe Deposit Boxes, and make a rental charge to meet the operating expenses of this Department. This charge will become effective July 1st, 1919, and a bill will be sent out at that time to the holders of boxes, and if any desire to make any change we will be glad to have them call before the bills are rendered for the ensuing year.

CORNELL STUDENT FREED

Father of Hazel Crance Tells of Dreams of His Dead Daughter

Casenovia, N. Y., Aug. 20.—Donald W. Fether, Cornell sophomore charged wit hhaving murdered 18-year-old Hazel Crance, was freed last night by Supreme Court Justice Kiley, Fether started back to Ithaca immediately afterward by auto.

Judge Kiley held that the evidence was insufficient to warrant the commitment of Fether to await the action of the grand jury.

Following his release, young Fether said:

"My mother is waiting for me at Ithaca. I knew I would be vindicated. I am not a quitter. I shall stay in Ithaca for several weeks just to show that I fear neither sentiment nor threats of violence."

Robert Crance, father of the dead girl, who attended the hearing and glared at the accused student, told yesterday of a dream in which the spirit of his daughter is said to have appeared to a girl friend and told that her body was not in the lake, but under a pile of stones near Maplewood.

"I'm not a dreamer, but I believe there is something in this one," said Crance, who is a tall, rugged, sunbrowned man of the mountain type, with a reputation of wonderful strength and agility, although he is 50 years old.

"This girl was a friend of my daughter," he added. "She said Hazel appeared to her in a dream, dressed all in white, and said: 'I have been killed. Tell father. I haven't been able to appear to him yet. Tell him to stop spending money to drag the lake My body is not there.

"'I was taken ashore near Maplewood and was left in a dying condition under a pile of rocks. I will appear to father before the week is out and tell where my body is, if it hasn't been found by then. Tell him not to try to take vengeance himself, but let the law take its course.'

"That's why I'm afraid to look at this fellow Fether very much. I'm afraid I'd jump at him and wring his neck, because I believe he killed my little girl.

"When Hazel was a little bit of thing I dreamed one night that I saw her dead in the water, with her clother torn and her body bruised. That dream pursued me for several nights in one form or another, with Hazel always dead but I was afraid to tell her mother about it because I knew it would worry her.

"After that I was always afraid to have her go near the water anywhere and Hazel and her mother used to make fun of me for it. A few nights before she went canoeing with Fether I had that dream again. This is the first time I have told anybody about it."

NEGRO PREACHER KILLED

Lynchburg, Va., Aug. 20.—The Rev. William Davis, colored, his wife, Sarah, and Sarah White, also colored, were killed Sunday at Amherst when the automobile in which they were returning from a service at which Davis had preached, was struck by a fast northbound Southern express train at Amherst. The car all but cleared the track, but the rear of it was smashed and the three victims were hurled about 30 feet.

Arthur White, owner and driven of the car and husband of one of the dead women, was injured slightly about his head, but a 15 year old son of the dead couple escaped injury. The colored minister and his wife lived here and they are survived by seven children. White claims he did not see or hear the train, despite the fact that people at the station called loudly to him not to attempt to cross the track ahead of the express train.

CLASH OF STEELWORKERS

Strikers Attack Men On Way To Standard Car Co's. Plant at Butler, Pa.

Butler, Pa., Aug. 20.—More than a score of persons were injured, several seriously, in a riot yesterday morning between strikers of the Standard Steel Car Company's plant and non-union employees two miles from the plant.

A troop of State police which has been guarding the works was rushed to the scene.

The trouble started when interurban cars bearing non-union employees to work at the plant were flagged while en route to the plant. When the cars stopped between 40 and 50 strikers jumped from behind nearby buildings, dragged the workers from the cars and beat them. Other passengers on the cars were held at bay by Strikers pickets, who were armed with clubs and sticks.

Upon arrival of the State police the strikers fled from the scene.

The strike has been in effect two weeks. More than 2000 men are out There are no signs of settlement.

GHOULS ROB GRAVE; GET DIAMOND RINGS

Chicago Aug. 20.—When Mrs. Ottilia Gunderberg visited St. Boniface Cemetery three weeks ago bearing flowers to place upon the last resting place of her daughter Clare, she saw evidence that someone had been tampering with the grave.

Sod had been removed and there were signs of upturned earth. She told the cemetery authorities, who found, upon investigation, that ghouls had dug down to the spot where the body had lain for eight years.

A portion of the coffin lid had been chiseled off and two valuable diamond rings—one of them an engagement token—had been stolen. The small of the three rings buried with the body remained.

Miss Gunderberg died on the eve of her wedding day eight years ago. She was laid by the side of her father, August Gunderberg, policeman for the old Lake street station, who died two weeks before.

Men at Sparrow Point Say Entire Ship Plant Is Tied Up By Their Walkout

Baltimore, Aug. 20.—Following the employees of the Bethlehem Steel Corporation, who have gone back to their work. nearly 4000 workmen of the Sparrow Point plant went out on strike yesterday.

The strikers say the entire ship plant is tied up and that work has been stopped on all of nine ways on which ships are under construction.

The union men who joined in the walkout are said to be disgruntled over the employment in certain lines by the Shipbuilding Corporation of non-union men. It was said they will also ask for an eight-hour day and better pay, and would join in a sympathy strike with the railway men.

General laws for the organization and government of cities and towns shall be enacted by the general assembly, and no special act shall be passed in relation thereto, except in the manner provided in article four of this Constitution, and then only by a recorded vote of two-thirds of the members elected to each house; and except also in the case of cities having more than fifty thousand inhabitants, as hereinafter provided. The general assembly, at the request, made in manner which may be prescribed by law, of any city having a population of over fifty thousand inhabitants, may grant a special form of government for such city.

Any laws or charters enacted pursuant to the provisions of this section shall be subject to the provisions of this Constitution relating expressly to judges and clerks of courts, attorneys for the Commonwealth, commissioners of revenue, city treasurer and city sergeants.

And insert in lieu thereof the following:

TWO MEN DROWNED

Gigantic Waves Swamp Craft Off Horseshoe Bend in Delaware River

Philadelphia, Aug. 20.—Twe men drowned when a tugboat sank, a railroad temporarily tied up, a church struck by lightning and a miscellanea of minor disasters formed the toll taken by the dual storms which descended upon Philadelphia and vicinity late yesterday afternoon and early last night. No correct estimate of the damage done is possible, but it is said to mount into the tens of thousands.

Both storms wholly unexpected to arrive with such torrential fury, came from the northwest, the first at 5.40 P. M., lasting but twenty minutes, but doing by far the greatest damage; the second descended with electrical sudenness at 8.18 P. M. and continued until 8.35.

Suddenly swamped by gigantic waves that rose on the Delaware River as the storm assumed the proportions of a hurricane, the huge tugboat Maurice went to the bottom at the point known as Horseshoe Bend, off Washington Park, Gloucester causing two men to drown.

SEARCHING FOR BANDITS

American Cavalry and Airmen Combing Mountains of Mexico

Marfa, Texas, Aug. 20.—Spread out fan shaped over a wide stretch of Mexican country south of the Rio Grande, United States cavalry, aided by airmen as scouts, are combing the mountains for the bandits who held the two American aviators for $15,000 ransom.

After the forward dash over the border yesterday, the troops probably were bing handicapped at night by a storm which was raging in the mountains below the border.

It was feared the torrential rains would obliterate trails left by the bandits. The expeditionary force for a time moved forward in the face of high winds, according to the reports.

The two lieutenants, H. G. Peterson and Paul N. Davis, for whom ransom was demanded and who were released early yesterday guided the Americans in their quest of the Mexican outlaws.

With nearly six hours' start on the punitive expedition, the bandits are believed to have scattered in the mountain passes and canyons, and it probably will be necessary to search every square mile of the rough country below the border to find them, in the opinion of military men.

AVIATORS RESCUED

Lieutenant Peterson and Paul H. Davis Now Safe in Own Land

Marfa, Texas, Aug. 20.—Lieuts H. G. Peterson and Paul H. Davis, American army aviators captured by a band of Mexican bandits and held for $15,000 ransom, are today safe on the United States side of the Mexican border.

Lieutenant Peterson's freedom was bought for $7,500. Lieutenant Davis was rescued by Captain Matlack, of the Eighth cavalry, who, unaccompanied, went to the bandit redezvous and brought about the release of both aviators. Lieutenant Peterson crossed the border to the American side shortly after 1 o'clock. An hour later Lieutenant Davis and Captain Matlack reached American soil.

FREED OF MURDER CHARGE

Norfolk, Va., Aug. 20.—Eler D. Chapman, charged with the murder of Mrs. Jean Schwab, aged 20, a saleswoman, was declared not guilty yesterday afternoon by a jury in the corporation court. The jury was out only 45 minutes before reaching a verdict.

A storm of hand clapping swept through the court room as the verdict was announced, but was promptly suppressed by court officials by order of Judge Alan R. Hanckel, presiding.

Mrs. Schwab was killed on the night of April 23, while walking with Chapman on an unfrequented stret bordering a cemetery. Chapman was wounded when he reported the occurrence to the policemen on beat and claimed they had been held up by a negro.

Chapman was born 21 years ago in Auburn, Me., and was raised in Lewiston, of the same State. He came to Norfolk last year as assistant manager of a chain store.

GLAD TO TESTIFY

Says Watoga Lady, "As To What Cardui Has Done For Me, So As to Help Others."

Watoga, W. Va.,—Mrs. S. W. Gladwell, of this town says: "When about 15 years of age, I suffered greatly. Sometimes would go a month or two, and I had terrible headache, backache and bearing down pains, and would just drag and had no appetite. Then It would last two weeks, and was so weakening, and my health was awful.

My mother bought me a bottle of Cardui, and I began to improve after taking the first bottle, so kept it up till I took three. I gained, and was well and strong, and I owe it all to Cardui.

I am married now and have 3 children. Have never had to have a doctor for female trouble, and just resort to Cardui if I need a tonic. I am glad to testify to what it has done for me, so as to help others."

If you are nervous or weak, have headaches, backaches, or any of the other ailments so common to women, why not give Cardui a trial? Recommended by many physicians. In use over 40 years.

Begin taking Cardui today. It may be the very medicine you need.

THEATRES

GRAND THEATRE

Seen as an American girl caught in Paris at the outbreak of the war, Pauline Frederick has a remarkable role in the screen adaptation of Clyde Fitch's famous play, "The Woman in the Case," which is being presented at the Grand Theatre tonight. This is a splendid story in which Miss Pauline Frederick portrays the role of a wife whose husband is falsely accused of murder and who, by the practice of her arts, succeeds in wresting a confession from the woman in the case of her knowledge of the suicide of a man whose murder she seeks to fasten upon another. Also "Elmo the Mighty."

RICHMOND THEATRE

Enid Bennett plays the stellar rôle in "The Virtuous Thief," her latest Paramount picture, supervised by Thomas H. Ince, which comes to the Richmond Theatre today.

Fred Niblo directed the picture, the story of which was written by C. Gardner Sullivan, two additional factors that guarantee the merit of the production.

INGOMAR THEATRE

World Pictures' latest release is "Dust of Desire"—one of the most gripping and intense screen plays of today featuring Ruby De Remer, will be the attraction today at the Ingomar Theatre.

The story is that of a young society girl who, believing her former lover is dead, marries a rising South American explorer. The lover subsequently turns up, and again the situation of the eternal triangle—two men in love with the same woman—develops.

"Dust of Desire" will be the attraction at the Ingomar Theatre and no one who is looking for the very best in photplays will miss this unusual picture.

DAYLIGHT LAW LOSES

House Overrides President's Veto by 223 to 101—Senate Expected to Concur

The doom of daylight saving was sealed yesterday when the House of Representatives, by a vote of 223 to 101, passed the bill to repeal the daylight law over President Wilson's veto.

The vote was a bare seven over the necessary two thirds majority. The absence of large numbers of members from the city districts was in large measure responsible.

The Senate, which has voted three to one in favor of every attempt to repeal the law, is certain to follow the lead of the House. Chairman Cummins, of the Senate interstate commerce committee, plans to bring the matter up in the upper branch at once.

DEADLY ASSAULT CHARGED

Farmer Arrested After Fight With Neighbor

Clarksburg, W. Va., Aug. 20.—Robert M. McChord, a Meadowbrook farmer, is reported near death from a broken skull, and Gus Connell, also of Meadowbrook, is in jail charged with murderous assault. An iron pipe is alleged to have been used. Four or five of McChord's ribs are also broken.

It is alleged bad feeling had existed between the two for some time. McChord was found beside the road in an unconscious condition. Connell says he acted in self defense.

Why Lack Of Iron In The Blood May Be Costing You Money Every Day

Many a Capable Man or Woman Falls Just Short Of Winning Because They Don't Back Up Their Mentality With Physical Strength and Energy

Get some of the money—don't let the other fellow have it all—Just because you are too weak, nervous and run-down to go after it with the same vim that gets him what he wants. Make yourself a man of blood and iron—a woman of power and vitality

"Many a capable man or woman falls just short of winning because they don't back up their mentality with the physical strength and energy which comes from having plenty of iron in the blood," says Dr. James Francis Sullivan, formerly physician of Bellevue Hospital (Outdoor Dept.), New York, and the Westchester County Hospital. "Lack of iron in the blood not only makes a man a physical and mental weakling, nervous, irritable, easily fatigued, but it robs him of that virile force, that stamina and strength of will which are so necessary to success and power in every walk of life. It may also transform a beautiful, sweet-tempered woman into one who is cross, nervous and irritable. To help make strong, keen, red-blooded Americans there is nothing in my experience which I have found so valuable as organic iron—Nuxated Iron. It often increases the strength and endurance of weak, nervous, run-down people in two weeks' time."

MANUFACTURERS' NOTE: Nuxated Iron which is prescribed and recommended by physician and which is now being used by over three million people annually, is not a secret remedy but one which is well known to druggists everywhere. Unlike the older inorganic iron products it easily assimilated and does not injure the teeth, make them black nor upset the stomach. The manufacturers guarantee successful and entirely satisfactory results to every purchaser or they will refund your money. It is dispensed in this city by all good druggists.
